

## Location of Battery Collection Containers

Livingston County recognized a need to provide a convenient way to properly dispose of used household batteries, which are generated in every household. Therefore, we worked with local units of governments and other agencies to establish battery collection container drop-off locations throughout the county. The current participating locations are listed below. The list will be updated as more organizations join the battery recycling program.

Please be sure to call first as every agency has different office hours. Also, please respect the generosity of these organizations by only recycling during office hours, and only bringing in size “D” batteries and smaller or small rechargeable batteries. Absolutely no automotive batteries will be accepted.
